Following your notification received 06/06/2011 I confirm that the details of the waste operation you describe have been placed on our public register of exempt waste operations. If the details above are incorrect, please contact us on 08708 506 506.

The operation will only continue to be exempt if it meets the criteria set out in schedules 2 and 3 of the above regulations and does not endanger human health or involve processes which could harm the environment. In particular, it should not:
